# Join Us for Hoosier Lottery Day at the State Fair

We are excited to once again be a part of this year's Indiana State Fair Wednesday, August 10 through Sunday, August 21. We hope that many of our retailers will come out to see us and partake in some of the many activities the Hoosier Lottery has planned for the entirety of the fair.

This year, we are celebrating Hoosier Lottery Day at the Indiana State Fair on a new day, Monday, August 15. On Lottery Day, all fair goers over the age of 18 will receive a free scratch-off ticket. Players must submit their State Fair ticket stub to receive their free scratch-off ticket, one free ticket per person.

The Hoosier Millionaire show will also be taped live at the Marsh Grandstand on Lottery Day. Gates open at 4 p.m. and the show taping will start around 7:30 p.m. All six contestants will be selected from the audience. To be eligible, players may submit as many non-winning Hoosier Millionaire tickets as they like. Non-winning Hoosier Millionaire tickets can be entered between 4 p.m. and 6 p.m. in the Hoosier Lottery's drawing barrels.

Again this year, the Hoosier Lottery will have our large sales tent, the Dream Machine and our wheel spin tent. Players will be able to purchase the Scratch, Spin and Win instant ticket, along with all of our on-line games. Those playing the popular wheel spin game will have a chance to win hats, T-shirts and other Lottery promotional items.

In addition, players will be able to fill out the backs of their non-winning Scratch, Spin and Win tickets for a chance to win a Ms. Pac Man(r) arcade-style video machine. The winner of the video machine will be announced on Sunday, August 21st.

Retailers are invited to take part in all Hoosier Lottery festivities at the State Fair, including the live taping of the Hoosier Millionaire show on August 15. Feel free to invite your friends and Lottery customers to join in on the fun. We look forward to seeing you at the State Fair.

### "Name the Newsletter" and Win \$100

The Hoosier Lottery is looking for a new name for the retailer newsletter and would like some ideas from our retailers. Attached on the back page is an entry form that retailers can use to submit their idea for renaming the retailer newsletter. A \$100 cash prize will be awarded for the winning entry. Retailers may either send in the entry form to:

The Hoosier Lottery Retailer Newsletter 201 S. Capitol Ave. Suite 1100 Indianapolis, IN 46225

Or, retailers may email their name idea to dgriffis@hoosierlottery.com. Please include your name, date of birth and personal email. Also include the name and address of your employer.

The following rules and procedures apply to the "Name the Newsletter" promotion:

- Entries are limited to retailers and their employees only.
- The Hoosier Lottery may disqualify any title determined to contain copyright or trademark protected material.

- Entrants may submit more than one (1) entry.
- The <u>Official Entry Form</u> must be completed in full, including name, address, date of birth, and email address (if applicable).
- Entries must be received at the Hoosier Lottery no later than
   5 p.m. EST on Friday, Aug. 26, 2005.
- The Hoosier Lottery is not responsible for late, lost, destroyed or misdirected entries.
- All entries submitted to the "Name the Newsletter" contest become the property of the Hoosier Lottery.
- By entering the "Name the Newsletter" contest, entrants acknowledge having read these official rules and agree to be bound by the interpretations and decisions of the Hoosier Lottery, which are final on all matters.

Entries will be judged by a panel of five Hoosier Lottery employees and will be judged based on originality and practicality.

Upon completion of the selection process, the Hoosier Lottery will notify the winner with instructions for claiming their prize.

Look for the entry form on the back page.

We look forward to your response! ■

# Pay the Good Guys and Ruin It for the Bad Guys

Defacing tickets takes little effort, but can save retailers big.

Failure to properly deface winning tickets has become a growing problem for many retailers. The proper and timely defacement of winning tickets has always been a problem, but it now takes the forefront as the new method of choice for scam artists is acquiring these non-defaced winning tickets. Such swindlers generally search for non-defaced winning tickets in the trash in or around the retailer's property or work in corroboration with a dishonest clerk. These scammers attempt to defraud the Lottery and its retailers by selling the previously paid winning tickets on the streets, taking the tickets to a retailer that has a WIT terminal or presenting the tickets to clerks who are known to sight-validate tickets.

It is crucial that all tickets be properly defaced after the correct winning prize has been paid to the customer. This can be done as simple as punching a hole through the ticket, marking "paid" or crossing out a winning ticket with a permanent marker, or even just tearing the ticket in half. Also, never sight-validate a winning ticket. Always validate tickets by entering them in the lottery

terminal.

"Ensuring the proper defacement
of winning tickets can be as simple as keeping a sharpie
or a single hole punch next to the lottery terminal," said Hoosier
Lottery Security Director, Michael Bare. "It is difficult to understand
why so many winning tickets fail to be properly defaced after they are
redeemed since it is such a simple and effortless task."

Should a retailer pay a previously paid winning ticket, the retailer's account may not be reimbursed by the Hoosier Lottery. Appeals will be handled on a case by case basis. Likewise, the retailer who originally failed to deface the winning ticket will also be liable for the winning prize amount of the ticket. However, under no circumstances will the retailer, who originally failed to deface a ticket, be reimbursed or relieved of its liability to the Hoosier Lottery.

These rules are found in Section VIII of the Retailer Contract entitled "Payment of Tickets by Retailer":

- 1. Retailer agrees to and shall redeem all winning instant, on-line and pull-tab tickets with prizes less than or equal to twenty-six dollars (\$26) and may, within its discretion, redeem prizes up to and including six hundred dollars (\$600). Retailer shall, upon presentation of winning lottery tickets, perform the necessary authorization and validation procedures during the Lottery's validation hours.
- 2. When redeeming a ticket, Retailer agrees to and shall deface that ticket by marking it paid or punching a hole through it. A Retailer who fails to deface a winning ticket shall be liable to the Lottery for the winning amount if it is subsequently validated by another Retailer. The Lottery is not liable to a retailer that redeems a defaced ticket.

The Hoosier Lottery has implemented a new policy to further encourage retailers to uphold their contractual agreement to deface winning tickets. The new rule requires that retailers,

who fail to deface a winning ticket that is later redeemed, will be liable to the Lottery for the winning amount and an **additional penalty of 10%** of the winning amount. This policy is not to penalize retailers, but rather protect honest and reliable retailers from being victimized by scam artists using previously aid tickets.

Please keep in mind that on rare occasions a player may rightfully own a winning ticket that is designated "previously paid" due to an uncommon circumstance. Nonetheless, **if a retailer is presented with a winning ticket designated "previously paid" by the lottery terminal do not under any circumstances pay the ticket**. Rather, retailers at this point should call the Hoosier Lottery's validation hotline at 1-800-866-6543. The Lottery's Prize Payment staff can generally handle a validation issue within minutes, or contact security if a criminal activity is suspected.

# Beware of Fraudulent Lottery Scams

The Hoosier Lottery has become aware of another fraudulent lottery circulating around Indiana. This phony lottery uses the identity of Crystal Loto Prize, Inc. Like most other scams of its kind, this scam tricks victims into believing they have won a large sum of money, but requires the victim to mail them a certified check as part of a holding fee or clearance fee to secure their winnings. The unknowing victim is invariably cheated out of hundreds, if not thousands of dollars.

This is just another scam among the several fraudulent lotteries nationwide and worldwide, most of whom identify themselves as international or Canadian lotteries. Most of these scams are done via email or standard mail, though similar scams have been done by phone and even personto-person. There are several ways to protect yourself and your Hoosier Lottery customers from being victimized by fraudulent lotteries. These include:

- All legitimate lotteries require players to buy a ticket. Be suspicious if you are told you have won a lottery that you have never heard of, much less played.
  - A legitimate lottery never asks winners to put up their own money in order to collect a prize they have already won.
  - If you are told that you need to keep your "win" confidential, be suspicious.
  - Never give out personal information or send money unless you verify the company or solicitor's legitimacy.

The Hoosier Lottery advises anyone who receives this or a similar solicitation to disregard the information. If you feel you have been the victim of a lottery scam, notify your local law enforcement agency or the Indiana State Police immediately.
